A spirited defense of the anarchist approach to life James Scott taught us what's wrong with seeing like a state. Now, in his most accessible and personal book to date, the acclaimed social scientist makes the case for seeing like an anarchist. Inspired by the core anarchist faith in the possibilities of voluntary cooperation without hierarchy, *Two Cheers for Anarchism* is an engaging, high-spirited, and often very funny defense of an anarchist way of seeing—one that provides a unique and powerful perspective on everything from everyday social and political interactions to mass protests and revolutions. Through a wide-ranging series of memorable anecdotes and examples, the book describes an anarchist sensibility that celebrates the local knowledge, common sense, and creativity of ordinary people. The result is a kind of handbook on constructive anarchism that challenges us to radically reconsider the value of hierarchy in public and private life, from schools and workplaces to retirement homes and government itself. Beginning with what Scott calls "the law of anarchist calisthenics," an argument for law-breaking inspired by an East German pedestrian crossing, each chapter opens with a story that captures an essential anarchist truth. In the course of telling these stories, Scott touches on a wide variety of subjects: public disorder and riots, desertion, poaching, vernacular knowledge, assembly-line production, globalization, the petty bourgeoisie, school testing, playgrounds, and the practice of historical explanation. Far from a dogmatic manifesto, *Two Cheers for Anarchism* celebrates the anarchist confidence in the inventiveness and judgment of people who are free to exercise their creative and moral capacities.

A thrilling memoir of the spectacular high-altitude mountaineering achievements of Andrew Lock: the only Australian to have summited all fourteen 8000-metre peaks in the world, including Mount Everest—twice. We learn 'why does he do it?' Why does anyone take on such a challenge, knowing how easily they might be killed? Andrew Lock gives us a gripping account of his death-defying ascents and explains his passion for climbing in small teams, or solo, without Sherpas or bottled oxygen. His story is one of extraordinary passion, self-motivation, perseverance and resilience, as he leads us through his sixteen-year odyssey to achieve the Grand Slam of Himalayan mountaineering. We are taken through the victories, the near-misses and the tragedies. The intense human drama of the expeditions infuses *Summit 8000*—funny, fierce and always fascinating stories about survival, climbing rivalries and mountaineering politics. The remote and stunning landscapes and cultures that Andrew encounters on his journeys add rich texture to his tale, culminating in his 2014 trip to Everest, where he was witness to the deadliest avalanche in the peak's history.

the stories of movies. When a new film comes to town - whether the latest Marilyn Monroe or Gary Cooper or a Mexican musical - the villagers pay her to watch the movie so that she can tell them all about it on her return. Tender, magical and moving, Hernan Rivera Letelier tells the nostalgic tale of South American village cinemas in their full glory.

The brutal throat-slashing murder of Crawford Academy's football coach has the city on edge. The fact that his body was found in the gay section of Jefferson Park has created more than a few whispers about the macho coach. That creeps social worker Duffy Dombrowski out enough, but not nearly as much as the fact that the kid he's counseling said he wanted to slit the coach's throat the day before. Now Duffy is assigned to the high school as a grief counselor, and before he can confront his client, the kid gets beaten into a coma by the captain of the football team. As the rumors of a high school sex club run rampant, murder becomes routine in Crawford—until a victim is someone close to Duffy. Everything points to the coach, his sex life, his players, and maybe to the coach leading the team into a different arena. Duffy is not so sure. Add in a new love affair with TJ Dunn, a concussion that might drive Duff out of the boxing game, and the daily challenges of Al the basset hound and you have the fastest paced, most complex and culturally challenging Duffy mystery yet. Praise for the Duffy Dombrowski Mysteries: “The Vegas Knockout is a funny book, full of engaging characters that cover the spectrum of human likeability. What makes it more than a piece of fluff is how Schreck uses Duffy's love of boxing to stand in for any devotion truly held. Duffy's success is in his journey, just as the greatest fun in The Vegas Knockout is in the reading.” -Dana King, author of the Penns River Crime Novels “Out Cold floored me with a quick one two of the serious and seriously funny. Schreck's unique blending of the absurd and the sublime along with his rather oddball cast of characters makes Out Cold a great read.” -Reed Farrel Coleman, two-time Shamus Award winning author of Empty Ever After “Out Cold is a fast, funny, rip-roaring read, and Shreck's wit and humor shines through on every page. But what I love most about Schreck's creation, Duffy Dombrowski, is the decency and dignity with which he treats the unforgettable cast of loonies, addicts, and criminals who parade through his office. I haven't cared this much about a protagonist in a good long while. Duffy is real hero and a true original.” -Blake Crouch, author of Abandon “Fresh, intense and funny, Schreck's second mystery to feature unrepentant Elvis fan and dog lover Duffy Dombrowski packs a knockout punch.” -Publishers Weekly, for TKO “Refreshingly iconoclastic.” -Kirkus Reviews, for TKO “TKO is fast-paced, authentic, and funny as hell. Social worker and journeyman boxer Duffy Dombrowski is a workingman's hero, and I want him in my corner!” -Sean Chercover, author of Trinity Game “Not since Carl Hiassen's Tourist Season debut has there been a novel with such superb comic timing and laugh-out-loud lines.” -Ken Bruen, Shamus Award-winning author of The Guards, for On the Ropes “An Everyman with a big heart and a wicked jab, Duffy Dombrowski may well be the new Spenser. I can't wait for Round Two.” -Marcus Sakey, author of The Blade Itself, for On the Ropes

The Ten Count

In this book, Nobel Peace Prize winner and Maya activist Rigoberta Menchú Tum returns to the world of her childhood. The Honey Jar brings us the ancient stories her grandparents told her when she was a little girl, and we can imagine her listening to them by the fire at night. These Maya tales include creation myths, a

classic story about the magic twins (which can also be found in the Popol Vuh), explanations of how and why certain natural phenomena came to exist, and animal tales. The underworld, the sky, the sun and moon, plants, people, animals, gods and demi-gods are all present in these stories, and through them we come to know more about the elements that shaped the Mayas' understanding of the world. Rich and vibrant illustrations by noted Mazatec-Mexican artist Domi perfectly complement these magical Maya tales. This is a timely book. The question of how to help people with challenging behaviour -and how to design and manage services so that staff, families and users feel that what should be done is being done - is at the top of the agenda. Failure to deal competently with the issue results in disaffection, poor quality services and a less than optimal quality of life for service users. Moreover, the credibility of services for all people with learning disabilities is intimately connected with how we cope with challenging behaviour, a point made recently by a Department of Health Working Group chaired by Jim Mansell (Department of Health, 1993). The book is welcome because it draws together what is known about the important questions from a British perspective, although, of course, most of the underlying issues have world wide relevance. The contributors, while all having a good deal of experience and authority, do not put forward simple portrayals of the problems, nor glib solutions, and this is one of the book's major strengths. Clarity in the field of challenging behaviour is sometimes elusive. What is presented here forces the reader to confront arguments in a rational and logical fashion.

Apocalipsis 2012

Does the Church use words that have lost their meaning? Are there Christian words and phrases that have lost their power to convict the human spirit and bring transformation to the world? One of the twentieth century's most renowned prophetic thinkers, A.W. Tozer, saw a dangerous trend gaining momentum even before his death---a trend that has become commonplace now in the twenty-first century. In this never-before-published book, Tozer sounds his alarm for the modern Church: We must stop parroting words carelessly, and instead allow the meaning that these words convey to empower, shape and direct the work of the Church. Yet Reclaiming Christianity is not just a warning; it is a spiritual guidebook for reconnecting to the deepest meaning of Christianity's sacred messages.
